Talent

We recognize that each client faces unique challenge particularly when it comes to the ever changing world of technology. KENDA provides the **staffing expertise** and **flexibility** that allows our clients to meet their short and long term objectives. Our consultants and candidates are highly trained, reliable, and ready to meet challenges across a wide variety of technical platforms and industry specific verticals.

At KENDA, we take the time to understand our client's business and technical objectives. We then apply our unique **Service Delivery Methodology** in locating and securing the most appropriate and talented professionals for the situation.

Government Focus

Our People, Your SuccessSM

At KENDA, we are dedicated to assisting our government clients with critical hiring needs. We are able to support government agency initiatives by providing exceptionally qualified candidates and consultants.

Today, more than ever, Government entities are searching for highly specialized consultants to assist their existing departmental and agency staff with a myriad of technical projects. KENDA quickly and efficiently provides a full spectrum of Information Technology talent for these IT staffing requirements. From short term to year long, or longer projects, KENDA can find the right skill-set, or resources to match your requirements.

Our Clients Say It Best...

"During our long relationship with KENDA, we have been provided with high quality Project Managers, Network Technicians, Help Desk Technicians, Programmers and Technical Writers. We have been very pleased with the quality of consultants KENDA has provided and expect this to be a long term relationship!"
